### **Bigger, Better, More Centrally-Located Facility.**

In November 2015, Premier relocated our office and warehouse operation from Burlington to our new facility located at Airport Road and Hwy 407. Our new address is 10 Carson Court, Brampton ON L6T 4P8. From our new location, we are only minutes from the 407 corridor, providing us with ideal access to tent installation sites throughout the GTA and the Golden Horseshoe area.

Our trucks and crews can reach downtown Toronto, Durham Region or the western edge of Lake Ontario within 30 minutes. This move has provided us with a number of key benefits including:

- Brand New State of the art washing machine facility (see below)
- Four truck level loading docks and two oversized drive-in doors, greatly enhancing our operational capacity and increasing the efficiency of our logistical efforts.
- Large, open office space and boardroom facility to meet with clients.
- More indoor storage for items that were once kept outside! For example, our white picket fence and wood that was once stored outside, now has a home inside our climate-controlled warehouse providing shelter from the elements. This will ensure our products last longer and stay in better shape for your next job.

Pictured here is a portion of Premier's fleet at the truck-level loading docks. As every installation is unique, we are prepared for logistical challenges by having the appropriate vehicles on hand. Not every site can accommodate a 26' box truck. Let us worry about these details and ensure a seamless installation and removal.

## State of the Art Washing Facility has been installed at Premier Tents

Premier Tents has made a substantial investment with the purchase of an industry leading TEECO Washing Machine. The machine offers the ability to handle over 10,000 sq. ft. of tent fabric per shift allowing us to provide the clean tent that your event deserves!

The washing facility will operate at full capacity throughout the winter months as well as our busy event rental season, ensuring that our tents and products are always provided clean for your event. We have also installed in-house laundry facilities for our tent liners and draping products. Our investment in these areas has significantly reduced turnaround time for maintaining our tents and fabric products, and enhanced our capability to provide clean, quality product to every installation.

## 2015 Year in Review

A large thank you to all of you who allowed us the opportunity to provide first-class tenting and flooring solutions for your events and functions throughout 2015. Whether it was a marathon in May or a perfect wedding setting in August, Premier is grateful for the privilege to have served you and proud of what we were able to accomplish together. Congratulations on all those successful weddings, corporate events, parties, announcements, bbq's, and galas over last season! We truly hope to be able to work with you again in providing outstanding temporary venues for your events of all types and sizes.

Here are some samples of the spectacular events we were privileged to be part of during our successful 2015 season:

# TEMPORARY FLOORING

## Temporary Flooring Solutions: A key component to Premier's success

Although our name doesn't suggest we offer flooring, it is, in fact, one of our main areas of specialization. Whether you need a sub-floor with carpet in your wedding tent, a dance floor to jive with the band or just want to increase the size of your backyard with a flush mount floor over your swimming pool, Premier Tents has you covered from under your feet to over your head.

### **Flooring options include:**

Flush mount floor over Swimming pool using either plywood and carpet to cover the pool or 4'x4' plexi-glass panels to showcase the water

## Looking Ahead to 2016:

Premier Tent is squarely focused on the 2016 season, with extensive off-season inventory maintenance well underway and new capital purchasing plans in place to expand and enhance our rental inventory.

Whether it's creating a temporary venue in your backyard for a birthday party or shower, or creating corporate hospitality skyboxes at the RBC Canadian Open Men's PGA Golf Tournament at Glen Abbey, we will continue to pour our very best into every event installation, striving for excellence each and every time.

Through our unparalleled commitment to quality products and outstanding customer service we are relentlessly committed to maintaining our status as the 'Premier' Tent provider in the Greater Toronto and the Golden Horseshoe areas.
